

## Testimonial – Dom C.

I have been a lifetime resident of the area and cannot say enough about the good people at True Compassion Toronto. My own doctor and other businesses in the area could learn much from their highly focussed level of attention to individual patient and customer needs.

As a medical patient suffering from PTSD and severe anxiety, it is essential that I have access to the right medicine for my ailments. The insight and knowledge they provide is immense, and you can always be certain that they will have your best interests at heart. There are no sales pitches here. Just excellent advice and even better medicine. You will never meet a more respectful, welcoming and professional group of individuals.

The facility at True Compassion Toronto is unlike any other in the city. The waiting room is clean and modern, complete with beautiful leather couches and chairs, and a large flat screen television, usually set to the news. Reading materials are also available to pass the time.

Another amazing feature of True Compassion Toronto is their tasting room, where you can medicate in a safe, secure and welcoming environment.

If you think medical marijuana might be of benefit to you, I would highly recommend registering at <http://truecompassiontoronto.com/>. You will not be disappointed. You will be amazed.
